

# Traversals

```
1  template<class T>
2  void BinaryTree<T>::__Order(TreeNode * root)
3  {
4      if (root != NULL) {
5          _____;
6          _____Order(root->left);
7          _____;
8          _____Order(root->right);
9          _____;
10 }
11 }
12 }
13 }
14 }
15 }
16 }
17 }
```
