For Each and Iterators

```
for ( const TYPE & variable : collection ) {
  // ...
}
```

```
14  std::vector<Animal> zoo;
…   …
20  for ( const Animal & animal : zoo ) {
21      std::cout << animal.name << " " << animal.food << std::endl;
22  }
```

```
…   std::multimap<std::string, Animal> zoo;
…   …
20  for ( const Animal & animal : zoo ) {
21      std::cout << animal.name << " " << animal.food << std::endl;
22  }
```
